

San José State University
Computer Science Department
CS190/190I, Internship Project, Section 1, Summer, 2019

Course and Contact Information

Instructor:	H. Chris Tseng
Office Location:	MH213
Telephone:	(408) 924-7255
Email:	chris.tseng@sjsu.edu
Office Hours:	Fri 4:45 – 5:45 PM and by appointment or email
Class Days/Time:	Fri 2:00 – 3:00 PM (190)/ 2:00 – 4:45 PM
Classroom:	TBA
Prerequisites:	CS 146 (with a grade of "C-" or better) or graduate standing, selection by a company, and instructor consent

Course Format

Technology Intensive, Hybrid, and Online Courses

This course will be conducted in the form of collaborated and interactive manner. We will meet both in-person and online. Students will share their internship experience info for peer learning purpose.

Faculty Web Page and MYSJSU Messaging

Course materials such as syllabus, handouts, notes, assignment instructions, etc. can be found on [Canvas Learning Management System course login website](http://sjsu.instructure.com) at <http://sjsu.instructure.com>. You are responsible for regularly checking with the messaging system through [MySJSU](http://my.sjsu.edu) at <http://my.sjsu.edu> to learn of any updates.

Course Description

Catalog description: Work on an approved semester-long paid project at an industrial site. Meet once per week on campus. Progress reports, oral presentations, final report, and evaluation by project supervisor will be used to demonstrate the acquisition of skills identified as goals prior to the start of the assignment. (See prerequisites description on top of this page)

Course Learning Outcomes (CLO)

Upon successful completion of this course, students will be able to:

- (a) An ability to apply knowledge of computing and mathematics appropriate to the program's student outcomes and to the discipline

- (b) An ability to analyze a problem, and identify and define the computing requirements appropriate to its solution

(c)An ability to design, implement, and evaluate a computer-based system, process, component, or program to meet desired needs

(d)An ability to function effectively on teams to accomplish a common goal

(e)An understanding of professional, ethical, legal, security and social issues and responsibilities

(f)An ability to communicate effectively with a range of audiences

(i)An ability to use current techniques, skills, and tools necessary for computing practice.

(The above learning outcomes are provided by ABET (<http://www.abet.org/>) for CS program under the URL <http://www.abet.org/accreditation/accreditation-criteria/criteria-for-accrediting-computing-programs-2018-2019/#GC3> Related learning outcomes for CS190/190I are listed above.)

Required Texts/Readings

Textbook

No textbook needed. Class material will be posted on Canvas account under <http://sjsu.instructure.com>.

Additional Readings

A list of additional readings will be provided on the Canvas page associated with this class under <http://sjsu.instructure.com>.

Other technology requirements / equipment / material

You will be required to have a wireless-network ready laptop computer to participate in the class. You will also need to use your own laptop with wireless access to submit your assignment inside SJSU campus. Your laptop needs to have wireless capability and you need to register a free wireless account at <https://one.sjsu.edu/>. The instructor is not responsible for providing either laptops or alternatives.

Course Requirements and Assignments

Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities, including but not limited to internships, labs, and clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus.

a. Initial overview presentation:

Students will present an overview of their company, team, and job responsibilities in class. All students are encouraged to learn different company and job culture and provide constructive feedback.

b. Technical report and presentation:

Students will present what they do in their internship. This includes process and plans undertaken, software tools used, what they have accomplished and delivered, and a reflection what could have been done better. All students are encouraged to learn different processes and technical tools and provide constructive feedback.

c. Weekly participation:

All students are encouraged to participate in Q&A discussion in presentation by other students.

d. Final Technical Report:

Students will follow a final report template to describe their work, job, ethics issues at work, and self-evaluation.

(This item is optional for CS190 students. For those CS190 students who choose not to submit the final report, his/her technical report and presentation will be used for this category for grading purpose.)

e. Tentative course exam and HW due dates:

(Please note that this is “subject to change with fair notice”)

HW: There will be around 3 assignments on items (a)-(d) above.

Final report due: 12:00 PM, Friday, Aug. 9, 2019

Final Examination and Evaluation

The final will be based on your final report and the evaluation from your manager.

Grading Information (Required)

Grades:

Initial overview	20%
Technical report	20%
Final evaluation by your manager	30 %
Final Technical Report	30 % (70% for CS190 students)

Determination of Grades

Grades will be assigned as described below. These intervals, however, may change (i.e., either way!) according to the performance of the class as a whole. C- is a passing grade.

- A: [93, 100]
- A-: [90, 93)
- B+: [87, 90)
- B: [83, 87)
- B-: [80, 83)
- C+: [75, 80)
- C: [70, 75)
- C-: [65, 70)
- D+: [60, 65)
- D: [55, 60)
- D-: [50, 55)
- F: [0, 50)

Classroom Protocol

You are expected to attend classes. If you cannot attend, it is your responsibility to get a copy of the lecture notes and class announcements from a reliable classmate. The instructor reserves the right to ignore frivolous or inappropriate e-mail inquiries. Students are expected to participate actively to provide improvement to presentations by other classmates.

University Policies (Required)

Per University Policy S16-9, university-wide policy information relevant to all courses, such as academic integrity, accommodations, etc. will be available on Office of Graduate and Undergraduate Programs' [Syllabus Information web page](http://www.sjsu.edu/gup/syllabusinfo/) at <http://www.sjsu.edu/gup/syllabusinfo/>. Make sure to review these policies and resources.

CS190/190I, Internship Project, Section 1, Summer, 2019 Course Schedule

The schedule is subject to change with fair notice emailed to students.

Online Zoom link: <https://sjsu.zoom.us/j/109318637> (all students must turn on video to participate)

Sign up your presentation schedule by June 10, 2019 (link to be provided)

Course Schedule

Week	Date	Topics, Readings, Assignments, Deadlines
1	6/7/2019	Introduction (what to do and expect in this course)
1		
2	6/14/2019	Initial overview presentation from selected students
2		
3	6/21/2019	Initial overview presentation from selected students
3		
4	6/28/2019	Initial overview presentation from selected students
4		
5	7/5/2019	Initial overview presentation from selected students
5		
6	7/12/2019	Technical presentation from selected students
6		

7	7/19/2019	Technical presentation from selected students
7		
8	7/26/2019	Technical presentation from selected students
8		
9	8/2/2019	Technical presentation from selected students
9		
10	8/9/2019	Submission of your final report and manager evaluation (direct from your managers)
Final Exam	12:15 PM Friday, Aug. 9, 2019
