Course Requirements and Assignments

SJSU classes are designed such that in order to be successful, it is expected that students will spend a minimum of forty-five hours for each unit of credit (normally three hours per unit per week), including preparing for class, participating in course activities, completing assignments, and so on. More details about student workload can be found in University Policy S12-3 at <http://www.sjsu.edu/senate/docs/S12-3.pdf>.

- There are four components to your grade: three exams (50%), quizzes/class activities (20%), news article assignment (10%), and three homework assignments (20%).
- The exams will be a mix of short answer and multiple-choice questions. The first two shorter exams will be on **9/19 and 10/24**. The exams will focus on material covered since the previous exam and are worth 15% each. The final exam is on **December 13 between 9:45am and 12:00pm**. The final exam is comprehensive and worth 20%.
- There will be about 25 in class quizzes and activities. Only the 15 highest scores will count toward your final grade. The scores after the 15th quiz will be extra credit for a potential max of 3 points added to your overall final grade. **No makeup quizzes.**
- The news article assignment is a one to two-page typed assignment due on **12/10**. Using an article of their choice, students will summarize and relate the article to the course material.
- There will be three homework assignments. The assignments will be due a week before each of the exams: **9/12, 10/17, and 12/5**. I will drop the lowest score out of the three.

Grading Information

Corresponding letter grades will be assigned as follows:

97-100% A+	87-89% B+	77-79% C+	67-69% D+

Such permission allows the recordings to be used for your private, study purposes only. The recordings are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material." Your commitment as a student to learning is evidenced by your enrollment at San Jose State University. The University's Academic Integrity policy, located at <http://www.sjsu.edu/senate/S07-2.htm>, requires you to be honest in all your academic course work. Faculty members are required to report all infractions to the office of Student Conduct and Ethical Development. The Student Conduct and Ethical Development website is available at http://www.sa.sjsu.edu/judicial_affairs/index.html. Instances of academic dishonesty will not be tolerated. Cheating on exams or plagiarism (presenting the work of another as your own, or the use of another person's ideas without giving proper credit) will result in a failing grade and sanctions by the University. For this class, all assignments are to be completed by the individual student unless otherwise specified. If you would like to include your assignment or any material you have submitted, or plan to submit for another class, please note that SJSU's Academic Policy S07-2 requires approval of instructors.
