Course Description

Analysis of major economic problems of metropolitan areas: taxation, financing of urban services, transportation, residential and industrial development, local growth controls, zoning and housing.

Course Learning Outcomes (CLO)

PLO 4: Apply the concepts microeconomic analysis and international economic theory to urban problems and to a variety of public policy issues that arise in an urban context. This course relates most closely to PLO4: Specialist Area – Public Policy

Upon successful completion of this course, students will be able to:

CLO1: Correctly apply location theory to households and firms;

CLO2: Explain the structure of urban areas, urban form, and how prices of land and housing are determined in an urban area;

CLO3: Analyze the role of scale economies in urban analysis; CLO4: Analyze the role of externalities in urban analysis; CLO5: Evaluate the spatial aspects of competition

CLO6: Discuss fiscal issues related to cities.

CL07: Search the EconLit bibliographic database;

CL08: Access data from the American Community Survey and the County Business Patterns data of the US Census Bureau.

Course Requirements and Assignments

Assignments include timely completion of reading assignments, attendance at lectures, participation in Discussion Days, and completion of exams. These activities promote an understanding of the concepts underpinning urban economics.

“Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities, including but not limited to internships, labs, and clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus.”

Grading Information and Determination of Grades

Grades will be determined by the following scheme:

Activity	Percent of Final Grade
Discussion Day 1	6
Discussion Day 2	6
Discussion Day 3	6
Discussion Day 4	6
Discussion Day 5	6
Mid-Term Exam	35
Final Exam	35
TOTAL	100

Determination of Grades

Classroom Protocol

Each student is responsible for all material covered in class lectures, assigned readings from the textbooks and related articles, as well as all other problems or assignments given in class.

Attendance: regular attendance throughout the semester is expected and will greatly improve your performance and your grade in the class.

Class Behavior: all students are expected to treat their fellow students and the instructor with respect. This is absolutely essential for creating an environment conducive to learning and the exchange of ideas.

University Policies

Per University Policy S16-9, university-wide policy information relevant to all courses, such as academic integrity, accommodations, etc. will be available on Office of Graduate and Undergraduate Programs' [Syllabus Information web page](http://www.sjsu.edu/gup/syllabusinfo/) at <http://www.sjsu.edu/gup/syllabusinfo/>"
