Course Description

SJSU Catalog Description: Allocation of resources and distribution of income as affected by the workings of the price system and by government policies. Note: May be taken concurrently or prior to Econ 1A.

GE Course Learning Outcomes (GCLO)

As an Area D1 (Human Behavior) course, students will be encouraged to use the economic way of thinking to evaluate social information, to critically analyze economic and political news, and to make a clearer sense of the world around them.

The Economics Department emphasizes an understanding and application of the following principles/concepts as student learning objectives:

1. Incentives Matter: role of self-interest, marginal costs & marginal benefits,
2. Opportunity Cost: trade-offs, production possibilities, comparative advantage, gains from trade.
3. Supply and Demand: the supply and demand model and its application in analysis of public policy, current events or welfare.
4. Consumer Surplus, Producer Surplus and how to maximize this.

Course Learning Outcomes (CLO)

Master macroeconomic theory related to three broad areas: Comparative Advantage, Macroeconomic Measures, and Macroeconomic Models.

Specific Learning Objectives include:

- Comparative Advantage (specialization and the gains from trade; globalization)
- Macroeconomic Measures (real versus nominal calculations; components and concept of GDP; components and concept of unemployment figures; calculation of inflation)
- Macroeconomic Models (circular flow; monetary and fiscal policy; the market for loanable funds & interest rate determination; the demand and supply of money & price level determination)

Required Texts/Readings (Required)

Textbook

Gregory Mankiw, *Principles of Macroeconomics*, Ninth Edition, South-Western Cengage Learning, 2019. ISBN

This course requires an online subscription to MindTap. You can access this through Canvas

Other Readings

- *Economics in One Lesson*, Henry Hazlitt. I will be using selected chapters of this book during the course. You can purchase your own copy, check out a copy from the library, or download one here: <http://www.hacer.org/pdf/Hazlitt00.pdf>
- *Economical Writing*, Deirdre McCloskey. Although we will not be using this book directly in class, this book will help you as you write your papers and I will use it to grade your papers.
- I occasionally distribute readings on current events during the semester.

Other materials: When hand-drawing graphs, we will often use multiple steps that you need to keep separate in your mind. It is a good idea to have available a regular pencil, several different colored pencils, and a trusty straight edge. A calculator will also come in handy.

Other technology requirements / equipment / material

We will be using MindTap (listed in the textbook section) as our primary book and for our on-line homework. You are expected to be able to access this material.

Library Liaison

Course Requirements and Assignments

This course is a combination of accumulation of factual economic knowledge and appropriate analysis of economic data. The assignments will demonstrate the student's comprehension of both aspects. Students will be required to complete factual, multiple choice exams as well as short essays. Students will be evaluated as to their individual proficiency and their ability to participate within a group setting.

“Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities, including but not limited to internships, labs, and clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus.” (The [University Policy S16-9](http://www.sjsu.edu/senate/docs/S16-9.pdf), *Course Syllabi* (<http://www.sjsu.edu/senate/docs/S16-9.pdf>))

Final Examination or Evaluation

Upon completion of this course students will complete a group PowerPoint presentation based on the principles learned in this course.

Grading Information

“Passage of the Writing Skills Test (WST) or ENGL/LLD 100A with a C or better (C- not accepted), and completion of Core General Education are prerequisite to all SJSU Studies courses. Completion of, or co-registration in, 100W is strongly recommended. A minimum aggregate GPA of 2.0 in GE Areas R, S, & V shall be required of all students.”

Assignments and Grading Policy

Grading:

Your numerical grade will be based on the following categories and weights:

Homework (Cengage)	15%
Exam 1	15%
Exam 2	15%
Final Exam/ Exam 3	15%
Group Presentation	15%
Short Papers	15%
Syllabus Quiz/Plagiarism Assignment	05%
Quizzes and In-Class Assignments	05%

The class policy for late or missing assignments and exams is as follows:

- **Cengage Homework – no late completion.** Any homework submitted after the due date and time receives a score of 0 for that assignment..
- **No midterm make-ups for any reason** I will drop the lowest score of the three exams.
- The final exam can be made up **only** upon a verifiable emergency circumstance or other conflict per University policy. The make up date will be arranged as needed but no later than the Make Up exam day. See me as soon as you know you have a problem.

- Short writing assignments will be assigned over the course of the semester. Typically, these are either paragraph responses or summaries to additional articles.
- I will distribute more detailed information about the group PowerPoint presentation later in the semester.
- I will post assignments on Canvas and introduce them in class.

I do *not* use a grading curve. Your final numerical grade will be the weighted average of your scores in the above categories, and your corresponding letter grade will be assigned as follows:

Percent	Grade	Percent	Grade	Percent	Grade
98-100%	A+	93-97%	A	90-92%	A-
88-89%	B+	83-87%	B	80-82%	B-
78-79%	C+	73-77%	C	70-72%	C-
68-69%	D+	63-67%	D	60-62%	D-
0-59%	F

Cheating on exams or plagiarism (presenting the work of another as your own, or the use of another person's ideas without giving proper credit) will result in a failing grade and sanctions by the University. For this class, all assignments are to be completed by the individual student unless otherwise specified. If you would like to include in your assignment any material you have submitted, or plan to submit for another class, please note that SJSU's Academic Policy F06-1 requires approval of instructors.
