Instructor:	Don Crooks
Office Location:	DMH 219
Email:	Please use Canvas email
Office Hours:	Wed. 12:00 to 1:00 pm or by appointment
Class Days/Time:	MW 10:30AM – 11:45AM
Classroom:	161 DMH
Prerequisites:	Basic high school algebra and geometry recommended

SJSU Catalog Description

Determination of economic aggregates such as total output, total employment, the price level and the rate of economic growth. Notes: May be taken concurrently or prior to ECON 1B.

Course Learning Outcomes (CLO)

Upon successful completion of this course, students will be able to discuss and answer questions related to three broad areas of economics including:

- Macroeconomic Measures (real versus nominal calculations; components and concept of GDP; components and concept of unemployment figures; calculation of inflation);
- Macroeconomic Models (circular flow; monetary and fiscal policy; the market for loanable funds & interest rate determination; the demand and supply of money & price level determination);
- Comparative Advantage (specialization and the gains from trade; globalization).

Course Format

This is an in-person class, although some components are conducted online.

- Typically, Mondays are lecture days. Some lectures will be available online beginning later in the semester. Students are expected to have completed the required reading for the current chapter by class time. Wednesdays are activity days. There will be class activities and discussions designed to enhance students' understanding of the current chapter.
- Quizzes and the Midterm Exam will be administered in-person as indicated on the Class Schedule.
- See the Course Schedule for more detailed information on course activities and due dates.
- **Unforeseen circumstances may require changes to the Class Schedule. Changes will be announced on Canvas as soon as they become known and in class when possible.** Students are responsible for checking Canvas regularly for the latest information.

Course Requirements and Assignments

This course requires regular reading assignments, lectures, online homework assignments, and in-person class activities. Attendance *per se* shall not be used as a criterion for grading per Academic Policy F-69-24. However, missed graded activities will count against you. Regular participation is **strongly** recommended. Course concepts are cumulative, so students who fall behind will find it difficult to catch-up.

University Policy S16-9 requires the following language to be included in the syllabus:

“Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities, including but not limited to internships, labs, and clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus.”

Textbook

Principles of Macroeconomics 9e, Mankiw, N. Gregory, ICBN: 978-0-357-13349-1. Online access is free once you have enrolled in the Cengage/MindTap homework component of this course by following the instructions posted on Canvas.

Cengage Learning/MindTap Online Learning

There will be regular reading and homework assignments in MindTap, the Cengage Learning online homework program. You must register for Cengage/MindTap by following the instructions included below. There is a one-time fee of \$55.01 which covers both the textbook and the online learning component. You may register and begin doing the assignments before the fee is due. Please register immediately to avoid falling behind.

How to Register for Cengage Learning/MindTap

Step 1: Sign into Canvas and click on the link to this course

Step 2: Click on the link to the eTextbook and MindTap Homework posted on the Course Documents Module.

Step 3: Create or sign into your Cengage account to access or purchase the materials for this course.

Other technology requirements / equipment / material

Canvas: You will need to register for Canvas, which is free for all SJSU students. Instructions for enrolling in Canvas are available through my.sjsu.edu/. You will need to access this course on Canvas to participate in many course activities including online homework assignments and recorded lectures.

You will need a basic calculator for use during quizzes, exams, and homework.

You will also need a device with reliable internet access, preferably a desktop or laptop computer, to access Canvas and the MindTap online homework assignments.

Examinations, Quizzes and Other Activities

There will be frequent quizzes, a midterm, and a cumulative final exam. They will be given during in-person classes as indicated on the Course Schedule. Other activities are described in the attached Course Schedule.

Missed quizzes, homework assignments, or other class activities will not be excused except under extraordinary circumstances. Missed exams cannot be made up unless you have a valid, documented reason (e.g., serious medical condition). Make-up exams will not be identical to the missed exam but will cover the same material. You must notify me by email as soon as you are aware of a condition that will cause you to miss an activity.

Grading Information

All activities will receive a numerical grade, based on your performance relative to others in the class (curved). It is not a percentage grade. At the end of the semester your numerical grade will be translated into a letter grade as follows; 100-97 A+, 96-94 A, 93-90 A-, 89-87 B+, 86-84 B, 83-80 B-, 79-77 C+, 76-74 C, 73-70 C-, 69-67 D+, 66-64 D, 63-60 D-, and less than 60 F. Normal rounding rules apply. Your final grade will be weighted as follows:

<u>Activity:</u>	<u>Weight</u>
Quizzes	20%
Classroom activities	10%
MindTap HW & Activities	20%
Midterm Exam	20%
Final Exam	30%

Grades for all activities will be posted on Canvas when graded. Students will be able to see their current course grade by clicking on the Grade tab in Canvas. However, the total grade will not include any extra credit earned in the course. Any extra credit earned will be added onto your total grade before submitting to SJSU.

Extra Credit: There will be a limited number of extra credit opportunities later in the semester. These will be announced in class and posted on Canvas when they become available.

Classroom Protocol: Students are expected to be on time and engaged during in-person classes. Extraneous conversation (crosstalk) is distracting to the rest of the class and should be avoided. Phones are to be turned off or set to silent alarm. If you need to enter or leave during class, please do so as unobtrusively as possible. Disruptive behavior will not be tolerated. Repeated violations of these policies may result in a reduced grade or other appropriate actions.

I am available for in-person conferences during the published office hours or by appointment at other times, via Zoom if necessary. Please contact me through Canvas email to schedule an appointment.

University Policy: Instances of academic dishonesty will not be tolerated. Cheating on exams or plagiarism (presenting the work of another as your own, or the use of another person's ideas without giving proper credit) will result in a failing grade and sanctions by the University.

Per University Policy S16-9, university-wide policy information relevant to all courses, such as academic integrity, accommodations, etc. will be available on Office of Graduate and Undergraduate Programs' Syllabus Information web page at <http://www.sjsu.edu/gup/syllabusinfo/>. **Make sure to review these policies and resources.**
