## Impaction Criteria for Transfers

Some programs will give preference to applicants who have completed program-specific preparatory courses. For these programs, applicants will be ranked on a combination of self-reported GPA and completion of approved program-specific courses or talent-based assessment.

- Program Specific Course Preparation
- ▲ Program Specific Associate Degree for Transfer

## Animation and Illustration Applicants

Animation and Illustration freshman and transfer applicants are required to submit a talent-based assessment (a short set of drawing exercises provided by SJSU) during the application process. Department/Faculty review of submitted assessment could result in a GPA bump in the admission consideration process.

- ◆ Program Specific Supplemental Drawing Exercises

## ★ College of Engineering Applicants

Freshman applicants to programs in the College of Engineering will be ranked on a modified eligibility index that will place additional emphasis on quantitative skills necessary for success in these majors.

**New!** Transfer applicants to specified majors will be required to complete certain program-specific courses to be eligible for admission. Preference will be given to applicants who complete additional program-specific courses as designated at [sjsu.edu/admissions/impaction](http://sjsu.edu/admissions/impaction).

## ■ Special Session Programs

Special Session degree programs are completely funded from student tuition, and they do not receive any financial support from the State of California.

## + Spartan Accelerated Graduate Education (SAGE) Scholars

Apply with your advisor to become a Spartan Accelerated Graduate Education (SAGE) Scholar to earn a combined bachelor's and master's degree at SJSU. Sometimes they may also satisfy the requirements for a teaching credential. Check out the updated list of available SAGE programs by searching for "SAGE Scholars" at [catalog.sjsu.edu/content.php?catoid=14&navoid=5107](http://catalog.sjsu.edu/content.php?catoid=14&navoid=5107)

## Change of Major

Choose your primary and alternate majors carefully. We cannot accommodate change-of-major requests during the admission process. If you are admitted, your major cannot be changed until after classes start.

## Graduate Degrees

For a list of graduate degrees and credentials, visit [sjsu.edu/admissions/graduate/degree-programs.php](http://sjsu.edu/admissions/graduate/degree-programs.php)

Looking for Average GPA? Scan the QR code to see how competitive (impacted) your major was last year.

SJSU is impacted in every major. We will rank applicants in each major and admit the number of students that can be accommodated in that major for that term. The GPA (impaction threshold) will change from year to year as a result.

# Freshman Academic Requirements

## High School Courses

Complete the required high school courses with grades of “C-” or better (prior to your high school graduation date).

The CSU will consider course grades of “credit” or “pass” as fulfilling “a-g” requirements for those courses completed during winter, spring, summer, and/or fall 2020 terms and during winter, spring, or summer 2021 terms.

Areas	Years Required	Description
a. History/Social Science	Two years	A. One year of U.S. History or U.S. History and Government
b. English	Four years	B. Composition and literature
c. Mathematics	Three years (four years recommended)	C. Algebra, geometry, intermediate algebra; or integrated mathematics
d. Laboratory Science	Two years (three years recommended)	D. One year of biological science and one year of physical science; both with lab
e. Language other than English	Two years	E. Study in the same language
f. Visual and Performing Arts	One year	F. Select a year-long course from art, theatre/drama, music or dance
g. Elective	One year	G. Select from areas “a-f” or from another approved college prep “a-g” course

## Graduate

Earn a high school diploma or equivalent.

## SAT/ACT Scores

The CSU is TEST FREE! At SJSU, we encourage you to submit AP, SAT and ACT scores to help with course placement only.

## Eligibility Index (EI)

For Fall 2024, SJSU will use your Grade Point Average (GPA) to calculate your Eligibility Index.

### Grade Point Average (GPA)

Your official GPA for admission to SJSU may be different than the GPA on your high school transcript. This is because we calculate your high school GPA using your 10th- and 11th-grade a-g courses when considering you for admission. The grades from your 12th grade year will be reviewed after your high school graduation to verify your admission eligibility.

### Minimum Eligibility Index (EI)

Applicants will be eligible for admission consideration according to the following:

Residency	Minimum GPA Requirement (a-g coursework)
California Resident or graduate of a California high school	2.50 or greater
Nonresident of California	3.00 or greater

Applicants below these GPA minimum requirements will not be considered for admission at SJSU.

### GPA Calculator

You can estimate your 10th- and 11th-grade a-g courses GPA (including honors, IB, and AP courses) using the CSU Grade Point Average Calculator at [calstate.edu/apply/gpa-calculator](http://calstate.edu/apply/gpa-calculator)

## Impaction Criteria (for Freshmen)

### Meeting Minimum Admission Requirements Does Not Guarantee Admission

Admission to San José State is competitive in all majors because SJSU continues to have more qualified applicants than available new student spaces. This situation is called “impaction” and it means that meeting the minimum academic requirements for CSU eligibility does not guarantee admission.

Applicants who have met the minimum CSU eligibility requirements will be ranked in each major by an eligibility index primarily based on the self-reported GPA earned in a-g course requirements at the time of application. SJSU’s eligibility index will continue to include preference to local applicants.

At SJSU, additional consideration will be given to applicants who qualify for the Cal State Apply fee waiver, are the first in their family to graduate from a four-year college (first-generation), and/or are a U.S. veteran.

Applicants to majors in the College of Engineering will be ranked using a modified eligibility index that will take into consideration applicants’ math GPA in combination with the factors listed above.

Applicants to the BFA in Animation and Illustration will be asked to complete a short supplemental drawing exercise as part of the application process. Faculty assessment of the submission could result in an additional GPA bump.

Please see [sjsu.edu/admissions/impaction](http://sjsu.edu/admissions/impaction) for details about this process for Fall 2024.

Check your ToDo List in MySJSU for deadlines weekly. If you miss a deadline, we will withdraw your application for admission, and you will not be able to attend SJSU for the term in which you applied. If you have an extreme circumstance that may cause you to miss one of our deadlines, contact [admissions@sjsu.edu](mailto:admissions@sjsu.edu) prior to the deadline date so that we can help you.

## Local Applicants

San José State gives preference to local applicants. Learn more about local preference at [sjsu.edu/admissions/impaction](https://sjsu.edu/admissions/impaction)

## Coursework Outside U.S.

When you fill out the admission application at [CalState.edu/Apply](https://calstate.edu/Apply), you must include all high schools and colleges/universities attended, including those outside of the U.S. Failure to report an institution could negatively affect our ability to verify your eligibility for admission.

# Transfer Academic Requirements

## Junior Status (60 semester/90 quarter units)

Complete 60 or more transferable semester units or 90 or more quarter units by the end of the Spring 2024 term. Learn about courses accepted at [transfer.sjsu.edu](https://transfer.sjsu.edu)

## California College/University Credits

To learn how course credits earned at one public California college or university can be applied when transferred to another, use ASSIST, an online student-transfer information system, at [assist.org](https://assist.org) or [transfer.sjsu.edu](https://transfer.sjsu.edu)

## Second Bachelor's Degree

If you are seeking a second bachelor's degree (except for those entering the nursing program), you will not be admitted. SJSU is an impacted campus that must reserve enrollment capacity for students who are seeking their first bachelor's degree.

## Basic Skills Courses

Complete your four basic skills courses as early as possible. The four basic skills courses must be completed by the end of the Spring 2024 term to be eligible for admission for the Fall 2024 semester. Courses taken during the Summer 2024 term will not be counted toward the completion of academic requirements for Fall 2024. You must earn a "C-" or higher in each basic skills course. SJSU will also accept "Credit" or "Pass" grades for courses taken during 2020, and the winter 2021, spring 2021, or summer 2021 terms to satisfy the following requirements.

1. One course in oral communication (Area A1)
2. One course in written composition (Area A2)
3. One course in critical thinking (Area A3)
4. One course in college-level mathematics or quantitative reasoning, with intermediate algebra as a prerequisite (Area B4)

## Grade Point Average

Earn a college grade point average of 2.00 or better in all transferable courses. Be in good standing at the last college or university attended.

## Mandatory Supplemental Application

To be considered for admission, all transfer applicants must complete SJSU's Supplemental Application by the deadline posted to your MySJSU account. Note: SJSU's Supplemental Application is different from updates submitted in Cal State Apply.

## Transfer Associate Degree

At SJSU, a California Community College student who has earned the Associate in Arts degree for Transfer (AA-T) or the Associate in Science Degree for Transfer (AS-T) will receive priority admission consideration into an approved similar baccalaureate degree program as long as the student meets all admission requirements. Verification of degree completion will be required prior to enrollment.

Transfers with the AA-T or AS-T degree who do not meet SJSU's impaction criteria (based on their intended major) are not guaranteed admission to a specific major or campus but will receive priority admission consideration at their local CSU to a program or major that is similar to their associate degree. Visit [icangotocollege.com](https://icangotocollege.com)

## Impaction Criteria (for Transfers)

Admission to San José State is competitive in all majors because SJSU continues to have more qualified applicants than available new student spaces. This situation is called "impaction" and it means that meeting the minimum academic requirements does not guarantee admission to San José State.

CSU eligible transfer applicants will be ranked in each major based on their self-reported GPA (as reported in the required supplemental application).

## Majors with Preparation Courses (Program-Specific)

Select majors (degree programs) give preference to applicants who have completed program-specific preparatory courses. These programs are noted in the "Majors" section and will give preference to students based on a combination of their self-reported GPA and the completion of program-specific, lower-division coursework.

For example, if two applicants to the same program have the same GPA, preference will be given to the applicant who has completed the greater number of program-specific preparation courses. Similarly, if two applicants have completed the same number of program-specific preparation courses, preference will be given to the applicant with a higher GPA.

**NEW for Fall 2024:** Applicants to designated majors within the College of Engineering will be required to complete program-specific preparation courses to be eligible for admission.

The program-specific courses that will be considered are listed at [sjsu.edu/admissions/impaction](https://sjsu.edu/admissions/impaction)

## Meet all Deadlines

Check your To Do List in MySJSU for deadlines weekly. If you miss a deadline, we will withdraw your application, and you will not be able to attend SJSU for the term in which you applied. If you have an extreme circumstance that may cause you to miss one of our deadlines, contact [admissions@sjsu.edu](mailto:admissions@sjsu.edu) prior to the deadline date so that we can help you.

## Local Applicants

San José State gives preference to local applicants. Learn more about local preference at [sjsu.edu/admissions/impaction](https://sjsu.edu/admissions/impaction)

## Former Students

Former students who have not attended SJSU for the past two consecutive semesters and who have not been granted a leave of absence, must reapply for admission as an upper-division transfer student and meet all deadlines, conditions, and admission requirements currently in effect. You must submit your application for admission through the Cal State Apply website by February 1, 2024.

Former SJSU students returning may gain admission priority by completing a Re-Admission Petition form ([sjsu.edu/admissions/transfer/want-to-apply/former-student/index.php](https://sjsu.edu/admissions/transfer/want-to-apply/former-student/index.php)) and obtaining departmental approval. Submit the form by February 15, 2024.

## Disqualified Students

To be considered for admission, former SJSU students who have been disqualified must also complete and submit the Reinstatement Petition ([sjsu.edu/registrar/academic-records/reinstatement](https://sjsu.edu/registrar/academic-records/reinstatement)). Please follow the instructions on each of these forms to successfully return to SJSU. Submit the form by January 15, 2024.

## Coursework Outside U.S.

**Very Important!** When you fill out the admission application at [CalState.edu/Apply](https://calstate.edu/apply) you must include all high schools and colleges/universities attended, including those outside of the U.S. Failure to report an institution could negatively affect our ability to verify your eligibility for admission.

# Costs

Amounts are based on full-time attendance (12 units per semester or more) for a nine-month academic year.

Costs	With Parents	Campus Housing *	Off Campus
Room and Board	\$10,124	\$19,866	\$19,430
Transportation	\$1,610	\$1,106	\$1,764
Miscellaneous/Personal	\$2,692	\$2,406	\$3,146
Books and Supplies	\$938	\$938	\$938
**Tuition Fees (6.1 or more units)	\$7,992	\$7,992	\$7,992
<b>Undergraduate Total</b>	<b>\$23,356</b>	<b>\$32,308</b>	<b>\$33,270</b>

\* Campus Housing costs: average of CV2/Double and CV Suites/Double + Plan meal plan

\*\* All fees and charges are subject to change without notice Loan fees could average from \$80 - \$190 depending on one's career. Non-Resident Fees are charged an additional \$396 per unit.

## Fees are Subject to Change

The CSU makes every effort to keep student costs to a minimum. Fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU must reserve the right, even after initial fee payments are made, to increase or modify any listed fees, without notice, until the date when instruction for a particular semester or quarter has begun. All CSU listed fees should be regarded as estimates that are subject to change upon approval by The Board of Trustees, the Chancellor, or the Presidents, as appropriate. Changes in mandatory systemwide fees will be made in accordance with the requirements of the Working Families Student Fee Transparency and Accountability Act (Sections 66028 - 66028.6 of the Education Code).

## California Residency for Tuition Purposes

The determination of residency for tuition purposes affects whether a student pays in-state or out-of-state tuition fees. Out-of-state tuition fees are higher than in-state tuition fees. Just because a student is or has been a resident of the State of California does not mean that they qualify to receive the in-state tuition rate. Certain requirements, established under California law, must be met. Visit the California State University site at [www2.calstate.edu/apply/california-residency-for-tuition-purposes/Pages/default.aspx](http://www2.calstate.edu/apply/california-residency-for-tuition-purposes/Pages/default.aspx) for additional information regarding residency.

Veterans: please contact the Veterans Resource Center at [sjsu.edu/veterans/about/contact-us.php](http://sjsu.edu/veterans/about/contact-us.php) to see if you qualify for in-state tuition.

## In-State Tuition for Certain Nonresidents of California (AB 540 provisions)

If you attended high school in California for at least three full years and graduated or earned an equivalent degree, you may be eligible for resident (in-state) tuition. You must file an AB 540 affidavit with SJSU.

We encourage students who are undocumented to explore more to see if they qualify for the exemption. Undergraduate Students are eligible in the following circumstances:

- U.S Citizens
- Permanent Residents
- Undocumented Students (Including DACA, TPS, asylum, Special Immigrant Juvenile Status, T and U Visa holders)

For more information visit [sjsu.edu/registrar/registration/residency/ab540.php](http://sjsu.edu/registrar/registration/residency/ab540.php)

# Financial Aid

San José State University's Financial Aid and Scholarship Office (FASO) provides assistance to students in securing federal, state, and university financial aid to achieve their educational pursuits. Each year, more than \$500 million in financial aid is awarded to eligible SJSU students in the form of scholarships, grants, work-study, and loans - funds that help them focus on their education and complete their degrees. Learn more at [sjsu.edu/faso](https://sjsu.edu/faso)

## Financial Aid Application Timeline

You can start applying for financial aid on beginning in December 2023 through either the FAFSA or the CA Dream Act Application. To ensure you receive as much aid as possible, we encourage you to submit your application by the priority deadline: April 2, 2024. You can apply after April 2, but the amount of financial aid that you receive may be reduced due to available funding.

## Free Application for Federal Student Aid (FAFSA)

To help cover the cost of attending SJSU, you may apply for financial aid provided through federal grants, state grants, work-study, and loans by using the Free Application for Federal Student Aid (FAFSA): [studentaid.gov/h/apply-for-aid/fafsa](https://studentaid.gov/h/apply-for-aid/fafsa)

## California Dream Act Application — AB 540 Students

AB 540 students (undocumented immigrant status) may qualify for the state grant programs that make up the California Dream Act of 2011.

For the California Dream Application, you will need SJSU's six-digit code, which is 001155: [Caldreamact.org](https://caldreamact.org)

For more information refer to UndocuSpartan Student Resource Center FAQ's: [sjsu.edu/undocuspartan/policies/ca-residency-ab540](https://sjsu.edu/undocuspartan/policies/ca-residency-ab540)

## Educational Opportunity Program (EOP) Applicants

Students are encouraged to apply for scholarships to lessen the need for loans or part-time work to pay for the cost of attendance.
