

SAN JOSÉ STATE UNIVERSITY

Dear Spartans,

San Jose State University has embarked on a journey to upgrade and future-proof the technology in our classrooms and learning spaces across campus. We will soon begin the first wave of classrooms to receive the latest audiovisual (A/V) technology this summer. The input and enthusiasm from the campus community for this project has been tremendous – thank you to all of the committee members, students, faculty, and staff who have been very supportive and collaborative.

Please join us for a town hall where we will share our progress, discuss our plan for upcoming upgrades, answer questions, and take your feedback.

Town Hall for Classroom and Learning Space Technology Upgrade Project

Monday, May 5, 2025

9:30am – 10:30am

MLK 225

RSVP TODAY
