

How to add authentication exception for outside (non-SJSU) participants

If you are scheduling a Zoom meeting or class, and are inviting outside (non-SJSU) participants, you now have the option to enable authentication for SJSU accounts, and provide exceptions for your external attendees.

When scheduling (or editing) your meeting at <https://sjsu.zoom.us/meeting> you will now see an "Authentication Exception" option.

Security

Passcode 914403
Only users who have the invite link or passcode can join the meeting

Waiting Room
Only users admitted by the host can join the meeting

Require authentication to join

SJSU Zoom Accounts
sjsu.edu [Edit](#)

Authentication Exception [Add](#) 

After clicking "add" you will be able to add outside attendees who will get an individualized custom join link that allows them to bypass authentication.

Authentication Exception

The participants added here will receive unique meeting invite links and bypass authentication.
