

**San José State University**  
**Charles W. Davidson College of Engineering**  
**Department of Mechanical Engineering**  
**ME 295A, Mechanical Engineering Project I, Spring 2022**

**Course and Contact Information**

<b>Coordinator:</b>	Dr. Raghu Agarwal
<b>Office Location:</b>	Engineering Building, Room 310D
<b>Telephone:</b>	408-924-3845
<b>Email:</b>	raghu.agarwal@sjsu.edu
<b>Office Hours:</b>	Tuesdays and Thursdays 4:30PM – 5:30PM and by appointment
<b>Class Days/Time:</b>	TBA
<b>Classroom:</b>	TBA
<b>Sections</b>	1-14

**Prerequisites:** Admission to Candidacy for Master’s Degree and written proposal approved by the instructor and graduate advisor.

**Reference:** Check the ME Department Website for MSME Program at <https://www.sjsu.edu/me/programs/ms-in-mechanical-engineering/>

**Course Description**

Advanced individual work in mechanical engineering, including but not limited to research, design, development, and simulation studies.

**Course Learning Outcomes (CLO)**

Upon successful completion of this course, students will be able to:

1. Conduct a literature review on a topic of engineering research using a full range of information sources
2. Summarize findings and draw valid conclusions from engineering research
3. Present the results of research work in front of peers following accepted presentation methods
4. Document the results of research work in a detailed engineering report following accepted format and style guidelines

**Required Texts/Readings**

None

**Course Requirements and Assignments**

All ME 295A (first semester) students are required to have their project proposals approved by their committee chair, Graduate Program Adviser and Department Chair prior to the start of the semester in order to receive an enrollment permission number.

All the students are expected to:

- Make an end-of-the-semester presentation.
- Provide an end-of-the-semester report.

Course grades will be issued when the following items are received by the student's committee chair prior to the 'grades due date':

- A copy of semester report approved by the committee chair
- A copy of the approved 'Oral Presentation and Grade Form' by the committee members.
- Proof of regular consulting with the advisory committee.

### **Important dates:**

- **March 25:** Turn in a 2-page progress update report to the committee.
- **May 6:** Turn in the draft report for initial evaluation to the committee.
- **May 12-17:** Present the project to the committee.
- **May 24:** Turn in the approved semester report.

### **Semester Report:**

The semester report must be prepared and submitted to the committee chair and the committee members. The semester report must follow a professional report writing format, with proper grammar and composition. It must include sufficient review of the state-of-the-art literature, the application of modern tools, and the presentation of experimental or numerical results to date. Although not as complete as the final report that is submitted in ME 295B, the semester report should still be prepared professionally.

Except for replacing the words "thesis committee" with "project committee" and "thesis" with "project report", respectively, ME 295A/B report is expected to follow the same formatting guidelines as the SJSU M.S. thesis, as defined by College of Graduate Studies at:

<https://www.sjsu.edu/cgs/current-students/thesis-and-dissertation-information/>

For examples of these minor differences between theses and ME 295 reports, please ask your committee chair for past reports that you can mimic.

### **Grading Information**

Evaluation criteria for grading are posted at <https://www.sjsu.edu/me/student-resources/forms/graduate.php> under "Thesis/Project Assessment Form A". Each criterion is evaluated by the project committee on a 0.0 to 4.0 scale (as in grade point averages), with 4.0 indicating "A", 3.0 indicating "B", etc.. At the committee's discretion, determination of scores may be conducted by committee consensus or by averaging of the ratings from each individual committee member.

### **University Policies**

Per University Policy S16-9, university-wide policy information relevant to all courses, such as academic integrity, accommodations, etc. will be available on Office of Graduate and Undergraduate Programs' webpage at <https://www.sjsu.edu/curriculum/courses/syllabus-info.php>
