

CUSTOMIZING CANVAS

Learn how to use customization tools on canvas to help you connect with your professors and other peers.

BE KNOWN ON CANVAS

Updating your profile lets other instructors or students get to know who you are. Remember to keep it professional and relevant to your educational settings!

Where: Account → Profile → [Edit Profile](#)

Connect to success:

- Include a profile picture and a biography of yourself
- Consider including some of the following:
 - Year
 - Major
 - Contact Methods
 - SJSU Organizations you are a part of

UPDATE YOUR DASHBOARD

Updating your dashboard can make navigation through multiple courses easier and faster.

Where:

- ★ Dashboard → Upper Right corner on Course Cards → [Nickname / Change Colors](#)

Connect to success:

- By [editing settings](#) you can change your display to match your preferences
- Rename and change Course Cards to differentiate courses ([HTML Color Codes](#))
- Nicknames and Color changes will even appear on the Canvas App!

UPDATE YOUR NOTIFICATIONS

Updating your notifications preferences makes it easier to get information that you need the most!

Where: Account → [Notifications](#)

Connect to success:

- Use a current email address for any new notifications
- Update as needed to figure out which notification settings work best for you
- Download [Canvas App](#) for Iphone or Android to receive push notifications through your phone
