Statistics for the University Police Department Annual Report were run calendar year January-December 2022 unless otherwise noted.

# Letter from the Chief

Over the past year, the San Jose State University Police Department has diligently worked to enhance the relationship between law enforcement, the campus community, and many of the community stakeholders in the downtown San Jose area.

The University Police Department has used an innovative Community Capital Police approach to build relationships and collaborate with other University stakeholders on community events, solve crime, and to address concerns. The unique approach along with our transparency has helped us shifted the perception of our law enforcement officers and our roles in the campus community and in the downtown area of San Jose.

As we share our many successes in the annual report, we still have a long way to go.

So, *Embrace the Change!!!!* and come join UPD as we bring safety to our community.

Go Spartans!

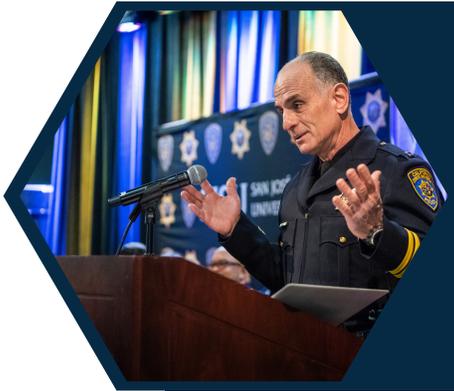

Chief Michael D. Carroll

# UPD PATROL

During 2022, UPD exercised the full responsibilities of California Penal Code 836 for the campus and proactively within a 1 mile patrolling radius of the main campus.

The department consists of 24 sworn staff for a total of 76 personnel serving the safety and security of the campus property and community.

**Roughly 90% of the calls for service relate to non-affiliate illegal activity due the nature of an open campus and the high transient population in San Jose.**

Notably, Patrol successfully completed all of the calls (63 total) related to Code 5150 (temporary involuntary commitment of a mentally disturbed person) without use of force demonstrating UPD commitment to de-escalation.

# RIPA

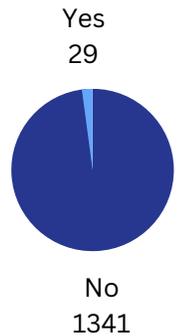

The Racial and Identity Profile Act (RIPA) was passed as a part of California state law [AB953](#) in 2015. This act prohibits racial and identity profiling by law enforcement, requires law enforcement agencies to report data to the Attorney General's Office on all vehicle and pedestrian stops and citizen complaints alleging racial and identity profiling. The act established the Racial and Identity Profiling Advisory Board (RIPA) Board. The RIPA Board develops the stop-data collection process which is included into regulations and approved. Current regulations became effective on November 7, 2017

## RIPA DATA

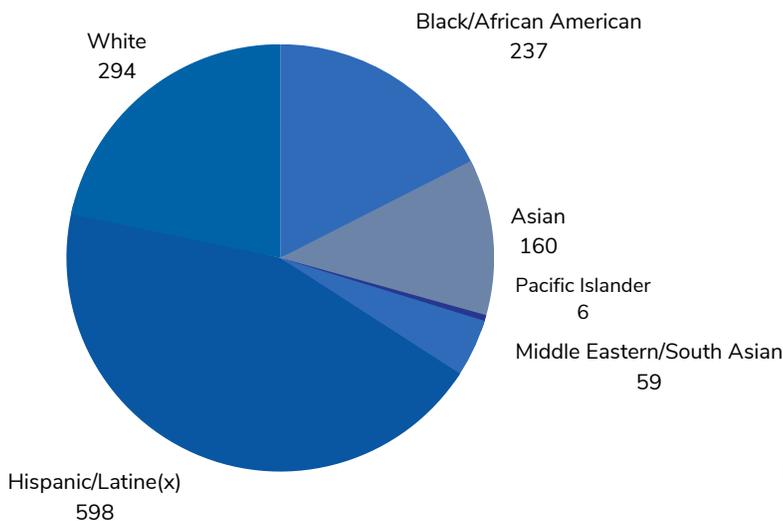

### Race Known Prior to Stop

\*UPD Officers record a yes/no answer to Race Known Prior to Stop to demonstrate if race was perceivable prior to stop

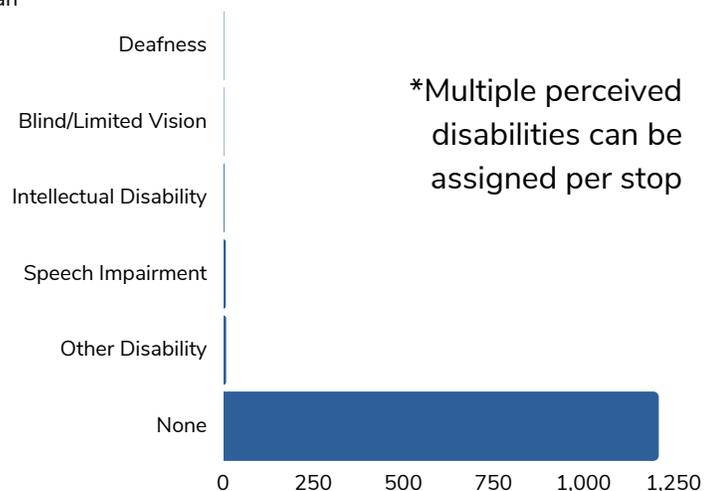

### Race Perceived Prior to Stop

\*RIPA Data requires an officer to record a perceived race prior to stop

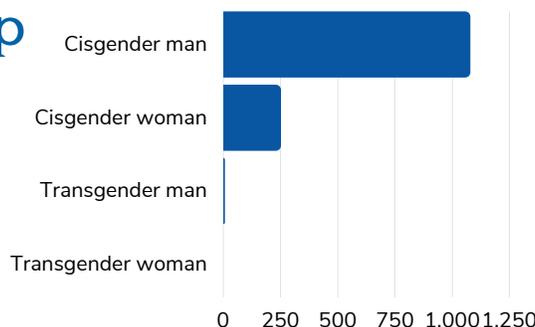

### Perceived Disabilities Prior to Stop

\*Multiple perceived disabilities can be assigned per stop

### Perceived Gender Prior to Stop

## University Housing Services CSO

2022 was a building year for the Housing Security Officers unit with lower than preferred staff numbers. Community Service Officers for Housing Services were in the hiring process with a rigorous background screening process allowing the year to end with 3 new officers prepared to onboard in the new year and progress aligned for future hiring

In addition to the above statistics, Officers and Library CSOs took 137 case reports. This represents 13% of the total UPD case reports for 2022.

A partial breakdown of the cases is as follows:

- 35 Theft
- 28 vandalism
- 13 5150 Cases (Mental Health crisis, danger to self or others)
- 12 Resisting/Delaying an Officer (this charge was coupled with additional charges)
- 5 Weapons
- 2 Assaults on Police Officers
- 1 Assault with intent to commit rape
- 1 Sexual Battery
- 1 False Imprisonment

# SJSU Cadet Program

The Police Cadet Program was established as a career path which enables interested SJSU students to gain hands-on law enforcement experience within UPD and to function in a public safety capacity within the campus community. These bright and energetic students play an intricate role in police operations and crime prevention as well as traffic control and parking enforcement.

The goal of the Cadet Program is to provide students with valuable experience that would assist them in developing the skills and knowledge necessary for achieving successful careers within the law enforcement profession, or other related field.

Cadets receive a minimum of 80 hours of basic training during their first semester in the program and specialized monthly in-service training following their first semester within the Cadet Program. The Cadet Program also provides the opportunity for cadets to participate in full-time police officer in-service training programs.

# Evening Guide Safety Escort Program

One of the most widely used programs offered by the University Police Department (UPD) is the Evening Guide Safety Escort Program. This service is available 24 hours a day, 7 days a week and is available to San Jose State students, staff and faculty. In the event that you feel unsafe walking on campus, University police will provide an escort to any location on campus and up to 2 blocks from campus.

To request an escort you may call UPD at 408.924.2222 or use a Bluelight or elevator telephone. A trained uniformed student assistant with a police radio will walk you to your destination. However, in the event that a student assistant is not available, a police officer will provide the escort.

## SJSU Evening Spartan Safe Ride Shuttle

To further enhance the safety of San Jose State University students, staff and faculty, a shuttle with an expanded service area is available Monday through Friday from 7 P.M. to 12:30 A.M. The shuttle's area of operation is from East Julian Street to I 280 and First Street to Sixteenth Street. To request the shuttle use any Bluelight phone or call 408.924.2000.

For more information go to the UPD website at [www.sjsu.edu/police](http://www.sjsu.edu/police) and click on Services. It is listed under SJSU Safe Ride Program.

# Community Outreach

**Unhoused Outreach Project:** This project was designed to connect those who are homeless or unhoused and those with substance abuse issues with the resources to address their specific needs. During this operation, the San Jose State University Police Department, along with other community partners such as the San Jose Police Department and the Santa Clara County Behavioral Health Department, successfully connected several local unhoused with the necessary resources to address many of their concerns which attribute to their transient status. Other services that were offered included dental examinations, legal assistance through the District Attorneys & Public Defender's Office, Vaccinations, clothing and food.

**National Night Out:** National Night Out is a national community-building campaign that promotes police-community partnerships. Furthermore, it provides a great opportunity to bring police and neighbors together under positive circumstances. UPD recognizes the best way to build a safer community is to know your neighbors and your surroundings. National Night Out triumphs over a culture that isolates us from each other. The event which was held on Tuesday August 2, 2022, was designed to enhance the relationship between law enforcement and community members fostering the true sense of community. Bringing together campus, community members and neighbors consistently over time creates community safety.

**Coffee with a Cop:** Coffee with a Cop focuses on creating a neutral space and having officers engage community members in one-on-one conversations. The concept creates an atmosphere that facilitates communication by breaking down the traditional barriers that so often exist between police officers and the communities they serve. The relaxed, neutral and accepting atmosphere is possible because there are no agendas, no speeches and no preset subjects. The program is the perfect platform for facilitating and encouraging positive officer-citizen interactions. This year, UPD held Coffee with a Cop on Wednesday, November 2, 2022 in the Student Union Food Court.

**Campus Outreach:** UPD hosted various meetings and workshops with students, staff and local organizations. Policing to provide a safe community and a transparent department is a fundamental goal for UPD. UPD strives to provide innovative and creative resources that help us engage community stakeholders, build lasting partnerships and improve the health of our communities.

# Bluelight Phones

In March of 2022, Emergency Management coordinated a special project with the Cadet Staff to assess all 352 Bluelight phones. Testing revealed repairs were needed on 62 phones which were completed.

This map depicts the outdoor Bluelight phones on poles or walls. Additional Bluelight phones are found throughout the campus building interiors.

## Rape Aggression Defense (RAD) Class

[Rape Aggression Defense \(R.A.D\) Systems](#) is a training program of realistic self-defense tactics and techniques for women. This is a comprehensive, women-only course that begins with awareness, prevention, risk reduction and risk avoidance, and progresses to basic, hands-on defense training. UPD's goal is to increase the number of trainings held to four classes of 15 participants per year.
