I am seeking to be re-elected Chair of the Curriculum and Research (C&R) Policy Committee for Academic Year 2022/23. I have served as chair the last for academic years and I would like to complete our work that is relevant to AB928 that could restructure our GE Program. It is anticipated that we will begin working in the Fall semester to gather feedback to this regard. I have a tremendous amount of knowledge on our GE program having led the committee the last several years as we undertook updating the GE Guidelines. The committee also has a few referrals remaining from last year that I would like to finish on noting that we will most likely take up the first-year experience policy with the feedback we gathered from the senate retreat this year. I firmly believe in the shared governance process. I also strongly believe that transparency and open communication are imperative in the shared governance process. I would continue to ensure that all voices are being heard as the committee works on various policies and GE next year. Thank you for taking your time to consider my application.

Respectfully,

Brandon White

Candidate Statement for ASCSU Executive Committee

-Julia Curry, San José State University

I respectfully submit my request for the position as an At-Large Representative on the Executive Committee. I have been involved in higher education for over three decades and in the CSU since 2000. I teach in the Department of Chicana and Chicano Studies, and have a long history of involvement in Ethnic Studies through the National Association for Chicana and Chicano Studies where I have held many elected offices. As a Sociologist I also have served in various roles in the American Sociological Association where I served as a member of the Committee on the Status of Race and Ethnic members, the Sociologists for Women in Society, and the founding chair of the Latina/o Section. Since arriving at SJSU I have engaged in service focusing on equity and making efforts to move beyond inclusion and the use of the term diversity which obscures race/ethnic issues and people. One group I have advocated for throughout is undocumented students regardless of their country of origin. I was honored by my campus with the Distinguished Service Award in 2014, and the CSU Wang Family Faculty Award for Exceptional Service in 2019. I have been a campus senator since 2015 and on the ASCSU for two years. As an At-Large Representative I wish to continue to support the good work of the senate on behalf of students, faculty and staff and in particular the work of the AEDI, Ethnic Studies, and the post-pandemic CSU with a greater commitment to action for equity, compassion, and ethical decisions for improvement of our quality of life. I do not take for granted that I will be re-elected to the ASCSU. I want to encourage true recruitment of new senators from all groups, statuses, and interests. That means that we must figure out how to arrive at a balance of experienced and new senators at all times. We are all surrounded by exceptional leadership and commitment by many of our CSU colleagues awareness and encouragement of their work must inform the way the ASCSU represents, acts, and is part of the transformative recruitment and inclusion of colleagues whom we do not yet know in the senate.

Candidate's Statement for Instructional and Student Affairs Chair 2021

Chairing the largest and most diverse of the policy committees for the senate is a privilege. It is a privilege that I hope to continue next year. The challenge of chairing ISA continues to inspire me to serve the senate and to respond to the needs of the university. It is work that I have missed during my sabbatical this semester.

The highly varied work of ISA committee is critical to the university's mission and student success. It requires great calm and a commitment to growth as an individual, as there are always new group dynamics to manage, new university procedures to learn, and new colleagues to get to know. I have this commitment and would appreciate your support as ISA chair next year.

Thank you for your consideration,
Laura Sullivan-Green

Statement re: Academic Senate CSU Representative to the Executive Committee

Mark Van Selst, SJSU (Psychology)

STATEMENT:

I am one of several long-serving members of the SJSU senate. As others with this type of track record, I have cycled on and off of the executive committee across my time. As a member of the Academic Senate CSU (“statewide”) I have been a member of the SJSU executive committee serving as the representative for a total of 10 years with the most recent hiatus spanning the last several years – with rare breaks, I’ve served on the SJSU senate and the Academic Senate CSU (“statewide”) since 2002. As the representative to the executive committee, and as will be familiar to many of you for whom I have served in this role, I am committed to represent the full breadth of topics addressed by the body (predominantly through my usual written correspondence) and will work collaboratively with my statewide colleagues to ensure that we can provide the best insights into statewide issues as we can. I will work with integrity and passion in the onboarding of our new leadership team, and will continue to reach out and support those working towards the success of our students. I look forward to reconnecting with campus, with those I’ve worked with before, and building new bridges with those new faces (faculty and cabinet) that I have not yet had the pleasure of extended collaboration with.

BACKGROUND:

My own particular experience and passion for academic matters centers on Transfer, Student Achievement, General Education, and effectiveness in advising processes. At statewide, in addition to prior service on the ASCSU Executive Committee, I have chaired half of the standing committees: *Academic Affairs (AA)*, *Academic Preparation and Education Programs (APEP)*, *Teacher Education and K-12 Relations (TEKR)*, as well as multiply repeating as chair of the *Chancellor’s GE Advisory Committee* (most recently AY 2020-21 and the current session). I have been closely involved in a variety of statewide curricular initiatives, including membership on the *Give Students a Compass* steering committee, work in establishing policies and procedures for our professional doctorates (Ed.D, 2005-6; DPT, 2010, etc), being the CSU segment lead for the *Intersegmental Major Preparation Articulated Curriculum (IMPAC)* project, a member of the *Lower Division Transfer Pattern (LDTP) Oversight Committee* (as well as the Psychology Lead), and have served a similar role supporting statewide transfer via SB 1440 transfer (various committees/roles). I have been a member of the *Intersegmental Council of Academics Senates (CCC, CSU, UC)*, have worked extensively on transfer with our CCC partners, and remain heavily involved in GE and transfer/articulation issues as well as “student success” broadly considered – e.g., involvement in curricular revisions in response to EO1100 (Aug 2017), the Institutional Barriers workgroup for Graduation Initiative 2025, and more recently, with the CSU response (Academic Senate and CSU CO) GE implementation of AB1460 (Ethnic Studies), ongoing work addressing the complications of AB928 (ADT oversight and reduction in CSU GE towards a common GE transfer pathway for the CSU and UC systems), and an exciting new initiative allowing individual faculty members access to examine equity gaps within their own suite of courses taught.

Dear Colleagues,

I am seeking election as chair of the Professional Standards committee for AY 2022/23. I have served on the Academic Senate for four and a half years, and during that time I have served on the Organization and Government Committee and the Instruction and Student Affairs Committee. Prior to my service on the Academic Senate, I served on the Student Evaluation Review Board (SERB) for three years, and chaired it for two of those years. While chair of SERB, I led the recent revision of the SOTE and SOLATE instruments and helped to implement online student evaluations (F12-6 as well as Amendments A and B to that policy). As a result of, I have extensive experience in the interpretation and administration of student evaluations, one of the key areas governed by Professional Standards.

In addition to my Senate and SERB experience, I served as the Biological Sciences Department Graduate Coordinator for five years, and have been the Chair of the Biological Sciences Department for one year. Finally, I have served on my Department's personnel committee and have chaired multiple search committees. In these leadership positions I have sought input and feedback from relevant parties and helped lead discussions allowing all committee members to deliberate and have a voice in the final product/decision making process. In addition, in my roles as a member of the Biology RTP committee as well as Department Chair, I am thoroughly versed in current RTP policy. Given that PS is currently working on both updating RTP policies and overseeing department RTP guidelines, these experiences will be invaluable in a committee chair. As the chair of Professional Standards, I would be committed to helping the committee continue the important work ahead.

Respectfully,

Rachael French

Statement of Interest – Associate Vice Chair/Chair, Committee on Committees

Reiko Kataoka, Senior Lecturer

Dear Colleagues,

My name is Reiko Kataoka, and I am a lecturer in the Linguistics & Language Development department. I am putting forward my name to serve as Associate Vice Chair of the Senate.

Although I am a relatively new senator, I have gained knowledge and experiences necessary to serve as Associate Vice Chair from the current Policy Committee work and other leadership roles I have taken at the campus. As a senator, I have served in the Organization and Governance Committee this year and learned charges and functions of different committees as well as delegation and delineation of authority within the Senate. On the leadership roles, I served as the Secretary (2019-20), Vice Chair (2020-21), and the Chair (2021-22) of SJSU Lecturers' Council, during which I have gained experiences in leading the board meetings, coordinating on matters regarding the Council's work, and organizing and conducting meetings in different modalities, both in an assisting role and as a Chair.

My philosophy on shared governance is characterized by the emphasis on shared authority, responsibility, and accountability as well as transparent and open communication. Sharing authority together with responsibility and accountability would be an effective way to empower members and allow them to perform at their best of ability. Transparent and open communication without fear of reprisal is a prerequisite of a truly meaningful and productive communication. If I am given an opportunity to serve as the Associate Vice Chair of the Senate, I will work at the best of my ability to help the Academic Senate to continue its cherished tradition of shared governance at its best form in any circumstances.

Finally but not least, I would like to express my appreciation to the current Senate leadership for the extraordinary work devoted to maintain the critical functions of the Senate despite a myriad of unforeseen challenges in the ongoing COVID-19 pandemic. As a new senator, witnessing such an exceptional resilience and professionalism has been both inspiring and humbling. I would like to be a part of the upcoming Senate leadership team to follow the footsteps of our strong leaders. Thus, I ask my fellow colleagues to vote for me as Associate Vice Chair. Thank you for your consideration.

Statement of Interest as Faculty-at-Large on the Executive Committee and University Library Board

Winncy Du

I would like to serve as Faculty-at-Large on the Executive Committee. I am a Professor (previous associate chair) in the Mechanical Engineering Department, and had served the Academic Senate for more than two terms (seven years from 2007 to 2014). I have also served nine most important university committees including Executive, Professional Standard, Organization & Government, Instruction & Student Affairs, and Sabbatical Leave Committees. I would like to utilize my experience to help our campus community move forward. In today's technology dominant era, my engineering background, especially in robotics and AI, would bring valuable insights to the committee. Imagine in 10 or 15 years, we will have robot advisors to help our students, we will have AI-based advisory board to provide our administrators with optimal solutions. Some of you may have known that I was one of the key contributors to implement e-SOTE and e-Dossier on campus. If you look at Policy, for example, F12-1, you would see "following (SOTE online) policy recommendation brought to the Senate by Senator Du" when I served as the chair of the ISA.

Since I joined SJSU in 2000 (22 years), I have experienced 9 University presidents – Stephen Perez, Mary Papazian, Susan Martin, Mohmmad Qayoumi, Don Kassing, Jon Whitmore, Paul Yu, Joseph Crowley, and Robert Caret; 6 Provosts: Vincent Del Casino, Andy Feinstein, Ellen Junn, Gerry Selter, Camen Sigler, and Marshall Goodman. Over the years, I see how the University changes under different leadership. Some are good, some, of course, are not appreciable. My goal is to help to create a productive, healthy and enjoyable teaching and learning environment while maintain high education standards and ethics.

If serving on the University Library Board, I would help to modernize our library and associate facilities, advocate for library funding through my strong connection with industry and professional society, and make search-engine more efficiently for our faculty, students and general public.

With my rich senator and university committee experience, dedication, enthusiasm, and my cutting-edge knowledge, I would be the best fit for this position. Thank you for your support.
